Definition:

There are two types of telehealth services:

- **Asynchronous Telehealth (Store & Forward)** is the transfer of digital images, sounds, or previously recorded video from one location to another to allow a consulting practitioner (usually a specialist) to obtain information, analyze it, and report back to the referring practitioner. This is a non-interactive telecommunication because the physician or health care practitioner views the medical information without the patient being present.
- **Synchronous Telehealth** is real-time interactive video teleconferencing that involves communication between the patient and a distant practitioner who is performing the medical service. The practitioner sees the patient throughout the communication, so that two-way communication (sight and sound) can take place.

CPT/HCPCS Codes:

Telehealth eligible CPT/HCPCS codes vary by payor (refer to payor guidelines section).

Place of Service Codes

POS 02: Telehealth Provided Other than in Patient's Home

- The location where health services and health related services are provided or received, through telecommunication technology. Patient is not located in their home when receiving health services or health related services through telecommunication technology.

POS 10: Telehealth Provided in Patient's Home

- The location where health services and health related services are provided or received through telecommunication technology. Patient is located in their home (which is a location other than a hospital or other facility where the patient receives care)

Modifiers

Synchronous Telehealth Modifiers:

- **95:** synchronous telemedicine service rendered via real-time Interactive audio and video telecommunications system
- **GT:** Via interactive audio and video telecommunication systems
- **G0:** Telehealth services furnished for purposes of diagnosis, evaluation, or treatment of symptoms of an acute stroke
- **FQ:** The service was furnished using audio-only communication technology.
- **93:** Synchronous telemedicine service rendered via telephone or other real-time interactive audio-only telecommunications system

Asynchronous Telehealth Modifier:

- **GQ:** Via an asynchronous telecommunications system

Reporting Criteria:

- Report the appropriate E/M code for the professional service provided.
- Communication must be performed via live two-way interaction with both video and audio.
- HIPAA compliant platform

Documentation Requirements:

Telehealth services have the same documentation requirements as a face-to-face encounter. The information of the visit, history, review of systems, consultative notes, or any information used to make a medical decision about the patient should be documented. In addition, the documentation should note that the service was provided through telehealth, both the location of the patient and the provider, and the names and roles of any other persons participating in the telehealth visit. Obtain verbal consent at the start of the visit and ensure consent is documented. Maintain a permanent record of the telehealth visit in the patient's medical record.

Definition:

Online Digital Evaluation and Management Services (E-Visits) are an E/M service provided by a Qualified Healthcare Professional or an assessment provided by a Qualified Nonphysician Healthcare Professional to a patient using an audio and visual software-based communication, such as a patient portal.

CPT/HCPCS Codes:

Reportable by Qualified Healthcare Professionals:

- **99421:** Online digital evaluation and management service, for an established patient, for up to 7 days, cumulative time during the 7 days; 5-10 minutes.
- **99422:** Online digital evaluation and management service, for an established patient, for up to 7 days, cumulative time during the 7 days; 11-20 minutes.
- **99423:** Online digital evaluation and management service, for an established patient, for up to 7 days, cumulative time during the 7 days; 21 or more minutes.

Reportable by Qualified Nonphysician Healthcare Professionals (Physical Therapists, Occupational Therapists, Speech Language Pathologists, Clinical Psychologists Registered Dietitian, etc.):

- **G2061/98970:** Qualified nonphysician healthcare professional online assessment, for an established patient, for up to seven days, cumulative time during the 7 days; 5-10 minutes.
- **G2062/98971:** Qualified nonphysician healthcare professional online assessment, for an established patient, for up to seven days, cumulative time during the 7 days; 11-20 minutes.
- **G2063/98972:** Qualified nonphysician healthcare professional online assessment, for an established patient, for up to seven days, cumulative time during the 7 days; 21 or more minutes.

Reporting Criteria:

- Online visits must be initiated by the patient. However, practitioners can educate beneficiaries on the availability of e-visits prior to patient initiation.
- The patient must be established
- E-Visit codes can only be reported once in a 7-day period.
- Cannot report when service originates from a related E/M service performed/reported within the previous 7 days, or for a related problem within a postoperative period.
- E-Visits are reimbursed based on time.
 - The 7-day period begins when the physician personally reviews the patient's inquiry.
 - Time counted is spent in evaluation, professional decision making, assessment and subsequent management.
 - Time is accumulated over the 7 days and includes time spent by the original physician and any other physicians or other qualified health professionals in the same group practice who may contribute to the cumulative service time.
 - Does not include time spent on non-evaluative electronic communications (scheduling, referral notifications, test result notifications, etc.). Clinical staff time is also not included.

Documentation Requirements:

These are time-based codes, and documentation must support what the physician did and for how long. Time is documented and calculated over the 7-day duration and must meet the CPTs time requirement. Obtain verbal consent at the start of the visit and ensure the consent is documented. Maintain a permanent record of the telehealth visit in the patient's medical record.

Definition:

A brief check in between a practitioner and a patient via telephone or other audiovisual device to decide whether an office visit or other service is needed. A remote evaluation is recorded video and/or images submitted by an established patient.

CPT/HCPCS Codes:

- **G2012:** Brief communication technology-based service, e.g. virtual check-in, by a physician or other qualified health care professional who can report evaluation and management services, provided to an established patient, not originating from a related E/M service provided within the previous 7 days nor leading to an E/M service or procedure within the next 24 hours or soonest available appointment; 5-10 minutes of medical discussion.
- **G2010:** Remote evaluation of recorded video and/or images submitted by an established patient (e.g., store and forward), including interpretation with follow-up with the patient within 24 business hours, not originating from a related E/M service provided within the previous 7 days nor leading to an E/M service or procedure within the next 24 hours or soonest available appointment.
- **G2250:** Remote assessment of recorded video and/or images submitted by an established patient (e.g., store and forward), including interpretation with follow-up with the patient within 24 business hours, not originating from a related service provided within the previous 7 days nor leading to a service or procedure within the next 24 hours or soonest available appointment.
- **G2251:** Brief communication technology-based service, e.g. virtual check-in, by a qualified health care professional who cannot report evaluation and management services, provided to an established patient, not originating from a related service provided within the previous 7 days nor leading to a service or procedure within the next 24 hours or soonest available appointment; 5-10 minutes of clinical discussion.
- **G2252:** Brief communication technology-based service, e.g. virtual check-in, by a physician or other qualified health care professional who can report evaluation and management services, provided to an established patient, not originating from a related e/m service provided within the previous 7 days nor leading to an e/m service or procedure within the next 24 hours or soonest available appointment; 11-20 minutes of medical discussion
- **G0071:** Payment for communication technology-based services for 5 minutes or more of a virtual (non-face-to-face) communication between an rural health clinic (RHC) or federally qualified health center (FQHC) practitioner and RHC or FQHC patient, or 5 minutes or more of remote evaluation of recorded video and/or images by an RHC or FQHC practitioner, occurring in lieu of an office visit; RHC or FQHC only.

Reporting Criteria:

- The patient must be established.
- Communication must be a direct interaction between the patient and the practitioner. Not billable if performed by clinical staff.
- If the virtual check-in originates from a related E/M provided within the previous 7 days, then the service is considered bundled into that previous E/M or assessment and would not be separately billable.
- If the virtual check-in leads to an E/M within the next 24 hours or soonest available appointment, then the service is considered bundled into the pre-visit time of the associated E/M and would not be separately billable.

Documentation Requirements:

Documentation should include medical decisions made, names and roles of any persons participating in the evaluation, and the communication method (telephone, video/audio software, etc.). Obtain verbal consent at the start of the visit and ensure the consent is documented. Maintain a permanent record of the telehealth visit in the patient's medical record.

Definition:

A telephone visit is an evaluation and management service provided by a qualified healthcare professional or an assessment and management service provided by a qualified nonphysician health care professional via audio telecommunication.

CPT/HCPSC Codes:

Reportable by Qualified Healthcare Professionals:

- **99441:** Telephone evaluation and management service by a physician or other qualified health care professional who may report evaluation and management services provided to an established patient, parent, or guardian not originating from a related E/M service provided within the previous 7 days nor leading to an E/M service or procedure within the next 24 hours or soonest available appointment; 5-10 minutes of medical discussion.
- **99442:** 11-20 minutes of medical discussion.
- **99443:** 21-30 minutes of medical discussion.

Reportable by Qualified Nonphysician Healthcare Professionals (Physical Therapists, Occupational Therapists, Speech Language Pathologists, Clinical Psychologists Registered Dietitian, etc.):

- **98966:** Telephone assessment and management service provided by a qualified nonphysician health care professional to an established patient, parent, or guardian not originating from a related assessment and management service provided within the previous 7 days nor leading to an assessment and management service or procedure within the next 24 hours or soonest available appointment; 5-10 minutes of medical discussion.
- **98967:** 11-20 minutes of medical discussion.
- **98969:** 21-30 minutes of medical discussion.

Reporting Criteria:

- Call must be initiated by the patient.
- The patient must be established.
- Communication must be a direct interaction between the patient and the healthcare professional.
- If the call originates from a related E/M or assessment provided within the previous 7 days, then the service is considered bundled into that previous E/M or assessment and would not be separately billable.
- If the call leads to an E/M or assessment within the next 24 hours or soonest available appointment, then the service is considered bundled into the pre-visit time of the associated E/M or assessment and would not be separately billable.

Documentation Requirements:

Documentation should include medical decisions made, the names and roles of any persons participating in the call, and the length of call. Obtain verbal consent at the start of the visit and ensure the consent is documented. Maintain a permanent record of the telehealth visit in the patient's medical record.

Payor Specific Key Points:

E-Visits/Telephone/Virtual Check Ins:

Allowable Codes:

- **E-Visits:** Not allowable
- **Telephone:** Not allowable
- **Virtual Check-Ins:** Not allowable

Remote Patient Monitoring:

Allowable Codes:

- CPTs 98975, 98976, 98977, 98978, 98980, 98981, 99453, 99454, 99457, 99458

Telehealth:

Allowable Services:

See table below for allowable code set

Audio Only Services:

Designated codes, highlighted in blue in the below “Telehealth Allowable Codes” matrix, can be performed via an audio only connection

Modifiers/POS:

- **POS:** N/A
- **Modifier**
 - **Audio Visual:** GT, 95, FR
 - **Audio Only:** 93, FQ
 - **Asynchronous:** GQ

Direct Patient Contact:

Unless listed as a covered service, medical services that do not include direct in-person patient contact are not payable

Reimbursement:

Per MN Statute 62A.673, a health carrier must reimburse the health care provider for services delivered through telehealth on the same basis and at the same rate as the health carrier would apply to those services if the services had been delivered by the health care provider through in-person contact.

- A health carrier must not deny or limit reimbursement based solely on a health care provider delivering the service or consultation through telehealth instead of through in-person contact
- A health carrier must not deny or limit reimbursement based solely on the technology and equipment used by the health care provider to deliver the health care service or consultation through telehealth, provided the technology and equipment used by the provider meets the requirements of this section and is appropriate for the particular service

Not Reimbursable:

- Care Plan Oversight
- Concierge Medicine (boutique medicine)
- Missed appointments

Transmission & Originating Site Fees:

T1014 and Q3014 are not eligible for payment, Aetna considers these services as incidental to the charges associated with the E/M.

98875, 98976, 98977, 98978, 98980, 98981, 99453, 99454, 99457, 99458, S9110

Restrictions:

Remote Physiologic Monitoring (RPM) and Remote Therapeutic Monitoring (RTM) Services should not be reported, and will not be reimbursed, if monitoring is less than 16 days

The initial set-up and patient education on use of the equipment will be reimbursed only once per episode of care

Telehealth:

Allowable Services:

See table below for allowable code set

Modifiers/POS:

- **POS** 02 or 10
- **Modifier** 93, 95, FQ, FR, GT

Provider Type:

A health care professional who is licensed or registered by the state to perform health care services within the provider's scope of practice and in accordance with state law. A health care provider includes a mental health professional under section 245I.04, subdivision 2; a mental health practitioner under section 245I.04, subdivision 4; a clinical trainee under section 245I.04, subdivision 6; a treatment coordinator under section 245G.11, subdivision 7; an alcohol and drug counselor under section 245G.11, subdivision 5; and a recovery peer under section 245G.11, subdivision 8.

Reimbursement:

Per MN Statue 62A.673, a health carrier must reimburse the health care provider for services delivered through telehealth on the same basis and at the same rate as the health carrier would apply to those services if the services had been delivered by the health care provider through in-person contact.

- A health carrier must not deny or limit reimbursement based solely on a health care provider delivering the service or consultation through telehealth instead of through in-person contact
- A health carrier must not deny or limit reimbursement based solely on the technology and equipment used by the health care provider to deliver the health care service or consultation through telehealth, provided the technology and equipment used by the provider meets the requirements of this section and is appropriate for the particular service

Transmission & Originating Site Fees:

If patient presents to an allowable originating site facility, the facility can bill Q3014 with revenue code 780. BCBS MN has not issued guidance on transmission fees.

Audio Only Services:

Blue Cross is waiving the policy requirement of a visual component for commercial members in alignment with state law through 7/1/2023, allowing telehealth services to be provided over the telephone. The waiving of the visual component for Medicare members will be aligned with CMS guidelines.

Payor Specific Key Points

E-Visits/Telephone/Virtual Check Ins:

Allowable Codes:

- **E-Visits:** Not Allowable
- **Telephone:** 99441-99443
- **Virtual Check-Ins:** G2012

Remote Patient Monitoring:

Allowable Codes:

- 99091, 99453, 99454, 99457, 99458, 99473, 99474, G0322

Indications:

Remote Patient Monitoring is only covered for the following indications, no other indications are covered

- Chronic Obstructive Pulmonary Disease (COPD)
- Diabetes Mellitus
- Heart Failure

All of the following must be met:

- Medical device that is FDA approved, cleared or has received emergency use authorization (EUA) designation
- Prescribed and administered by a board-eligible or board-certified medical provider or subspecialist (e.g., cardiologist, pulmonologist, endocrinologist), nurse practitioner (NP) or physician assistant (PA)
- Physiologic data must be electronically collected and automatically uploaded for analysis and interpretation
- Must be intended for the purpose of displaying or analyzing the physiological parameter(s) measured
- Used for remote communication, counseling and monitoring of acute or chronic health conditions

Not Covered:

Remote Therapeutic Monitoring (RTM), CPT codes 98975, 98976, 98977, 98978, 98980, 98981, are not covered, regardless of indication

Telehealth

Allowable Services:

See below table for allowable medical telehealth codes.

All of the following must be met:

- Services must be interactive and use both audio and video
- Would be reimbursed if the service was provided face-to-face and is medically appropriate and necessary
- The patient and/or actively involved caregiver must be present on the receiving end and the service must occur in real time
- A permanent record of online communications relevant to the ongoing medical care and follow-up is maintained as part of the record as if the service were provided as an in-office visit
- The permanent record must include documentation which identifies the virtual service delivery method. i.e.: audio/video or telephone only
- The patient's clinical condition is of low to moderate complexity, and while it may be an urgent encounter, it should not be an emergent clinical condition
- Virtual care services must be provided by a health care professional who is licensed, registered, or otherwise acting within the scope of his/her licensure

Excluded Services:

- The virtual care service occurs on the same day as a face to face visit, when performed by the same provider and for the same condition
- Virtual care services billed within the post-operative period of a previously completed surgical procedure will be considered part of the global payment for the procedure
- Services were performed via asynchronous communications systems (e.g., fax)
- Store and forward telecommunication, whether an appropriate virtual care modifier is appended to the procedure code or not

- Patient communications are incidental to E/M services, counseling, or medical services, including, but not limited to reporting of test results and provision of educational materials
- Administrative matters, including but not limited to, scheduling, registration, updating billing information, reminders, requests for medication refills or referrals, ordering of diagnostic studies, and medical history intake completed by the patient
- No reimbursement will be made for any equipment used for virtual care communications

Store and Forward Telehealth:

Asynchronous communications occur when medical information is stored and forwarded to be reviewed later by a physician or other health care provider at a distant site. The medical information is reviewed without the patient being present. Asynchronous communications are also referred to as store-and-forward or non-interactive communications. Cigna does not reimburse asynchronous communications.

Modifiers/POS:

- **POS 02**
 - Do not bill POS 10 until further notice
- **Modifier 93, 95, FQ, GQ, or GT**

Audio Only Services:

Services rendered via audio only will be reimbursed when the appropriate telephone only code is billed

Reimbursement:

Per MN Statue 62A.673, a health carrier must reimburse the health care provider for services delivered through telehealth on the same basis and at the same rate as the health carrier would apply to those services if the services had been delivered by the health care provider through in-person contact.

- A health carrier must not deny or limit reimbursement based solely on a health care provider delivering the service or consultation through telehealth instead of through in-person contact
- A health carrier must not deny or limit reimbursement based solely on the technology and equipment used by the health care provider to deliver the health care service or consultation through telehealth, provided the technology and equipment used by the provider meets the requirements of this section and is appropriate for the particular service

Transmission & Originating Site Fees:

Cigna will not reimburse transmission fees or an originating site of service fee or facility fee for telehealth visits (HCPCS G2025, Q3014, T1014)

Payor Specific Key Points:

E-Visits/Telephone/Virtual Check Ins:

Allowable Codes:

- **E-Visits:** 98970-98972, 99421-99423
- **Telephone:** 98966-98968, 99441-99443
- **Virtual Check-In:** G0071, G2010, G2012

Telehealth:

Synchronous Telehealth Allowable Codes:

See table below for specific codes.

- **Wellness Visits:** Medica will temporarily allow preventive care services, CPT 99381-99387 and 99391-99397, to be provided via telehealth. Providers may perform all, or portions of, a preventive medicine visit that can be done so appropriately via telehealth services. Services that require face-to-face interaction may be provided later, however, providers may only bill one preventive medicine code to cover both the portion done via telehealth and any necessary face-to-face interaction associated with the preventive care service.
- **Behavioral Health:** Allowable services:
 - Services recognized by the Centers for Medicare and Medicaid Services (CMS)
 - Services recognized by the American Medical Association (AMA) included in Appendix P of CPT code set
 - Additional services identified by Optum behavioral health that can be effectively performed via Telehealth

Store and Forward Telehealth:

Medica will allow asynchronous (store and forward) telehealth

- Utilize modifier GQ
- Medical information may include: video clips, still images, X-rays, MRIs, EKGs, laboratory results, audio clips and text

Modifiers/POS:

- **POS** 02 or 10 OR POS code used for an in-person visit
- **Modifier** 93, 95, CG, FQ, G0, GQ, GT

Provider Type:

Audiologist, Certified Genetic Counselor, Certified Nurse Anesthetists, Clinical Nurse Specialist, Clinical Psychologist, Clinical Social Worker, Licensed Professional Clinical Counselor, Licensed Marriage and Family Therapist, Licensed Drug & Alcohol Counselor, Dentist, Nurse Midwife, Nurse Practitioner, Occupational Therapist, Physical Therapist, Physician, Physician Assistant, Podiatrist, Registered Dietitian or Nutrition Professional, and Speech Therapist

Reimbursement:

Per MN Statue 62A.673, a health carrier must reimburse the health care provider for services delivered through telehealth on the same basis and at the same rate as the health carrier would apply to those services if the services had been delivered by the health care provider through in-person contact.

- A health carrier must not deny or limit reimbursement based solely on a health care provider delivering the service or consultation through telehealth instead of through in-person contact
- A health carrier must not deny or limit reimbursement based solely on the technology and equipment used by the health care provider to deliver the health care service or consultation through telehealth, provided the technology and equipment used by the provider meets the requirements of this section and is appropriate for the particular service

Originating Sites:

The following are examples of originating sites: Community mental health center, Critical-access hospital (CAH), End stage renal disease (ESRD) facilities, Home, Hospital (inpatient or outpatient), Hospital or CAH-based renal dialysis center (including satellites), Office of physician or practitioner, Other eligible medical facilities, Other locations as required by applicable state law, Residential substance abuse treatment facility, Rural health clinic (RHC) and federally qualified health center (FQHC), Skilled nursing facility (SNF)

Transmission & Originating Site Fees:

Transmission fees (HCPCS T1014) are not eligible for payment, however Medica will allow an originating site fee (HCPCS Q3014) to be billed by an originating site facility.

Coverage Limitations: The following services are not covered under telehealth: Provider initiated e-mails; refilling or renewing existing prescriptions; scheduling a diagnostic test or appointment; clarification of simple instructions or issues from a previous visit; reporting test results; reminders of scheduled office visits; requests for a referral; non-clinical communication, providing educational materials, brief follow-up of a medical procedure to confirm stability of the member’s condition without indication of complication or new condition including, but not limited to, routine global surgical follow-up; brief discussion to confirm stability of the member’s chronic condition without change in current treatment; when information is exchanged and the member is subsequently asked to come in for an office visit; a service that would similarly not be charged for in a regular office visit; consultative message exchanges with an individual who is seen in the provider’s office immediately afterward; communication between two licensed health care providers that consists solely of a telephone conversation, email or facsimile; communications between a licensed health care provider and a member that consists solely of an e-mail or facsimile.

Audio Only Services:

Designated codes, highlighted in yellow in the below “Telehealth Allowable Codes” matrix, can be performed via an audio only connection

MEDICA BEHAVIORAL HEALTH TELEHEALTH CODES

90785	90791	90792	90832	90833	90834	90836	90837	90838	90839	90480	90845
90846	90847	90853	99202	99203	99204	99205	99211	99212	99213	99214	99215

Payor Specific Key Points:

E-Visits/Telephone/Virtual Check Ins:

Allowable Codes:

E-Visits: 99421-99423, G2061-G2063

Telephone: 99441-99443, 98966-98968

Allowed through December 31st, 2024

Virtual Check-In: G2010, G2012, G2250-G2252

Modifiers:

E-Visits & Virtual Check-Ins: None

Telephone: Modifier 95

Reimbursement:

Audio-only codes 99441-99443 will be paid at parity with 99212-99214 through December 31st, 2024

- Document why patient could not be seen for an audiovisual visit or attend an in-person encounter

Telehealth:

Consolidated Appropriations Act:

Extends certain telehealth flexibilities for Medicare patients through December 31st, 2024:

- Originating site restriction waiver
- Allows additional telehealth practitioners to include OTs, PTs, SLPs, mental health counselors, and marriage and family therapists
- Audio only telehealth services
- In person requirement for mental health services via telehealth waived
- Extension of FQHC/RHC to serve as originating site for non-behavioral/mental telehealth services

Allowable Codes:

See table below for codes allowable via telehealth

Audio Only:

When providing an E/M service that would otherwise be reported as an in-person or telehealth visit, using audio-only technology, providers should utilize the appropriate telephone E/M code (99441-99443), not the in person or telehealth visit code.

- Telephone Codes only available for use through December 31st, 2024
- For behavioral or mental telehealth, 2-way, interactive, audio-only technology can be utilized

Consent:

Providers may get patient consent at the same time they initially provide the services. Direct supervision isn't required to get consent. In general, auxiliary personnel under general supervision of the billing practitioner can get patient consent for these services.

Hospital Based Providers:

Hospitals and other providers of PT, OT, SLP, diabetes self-management training (DSMT) and medical nutrition therapy (MNT) services can continue to bill for telehealth services when provided remotely in the same way they've been during the PHE and the remainder of CY 2023, except that:

- For outpatient hospitals, patients' homes no longer need to be registered as provider-based entities to allow for hospitals to bill for these services
- The 95 modifier is required on claims from all providers, except for Critical Access Hospitals (CAHs) electing Method II (which utilize a GT modifier)

Modifiers/POS:

- **POS:**
 - 02 or 10
- **Modifier:**
 - Use modifier 95 when the clinician is in the hospital and the patient is in the home, as well as for outpatient therapy services provided via telehealth by qualified PTs, OTs, or SLPs through December 31, 2024
- **Mental Health Claims:** POS 02 or 10
 - **Modifier 93** if performed over audio only
 - **RHC/FQHC:** Modifier FQ
- **CAH Method II (UB) Claims:** Modifier GT

Patient Location:

Through December 31st, 2024, there is not an originating site or geographic restriction

Mental Health Place of Service:

CMS permanently added a patient's home as an originating site for patients receiving mental health services via telehealth. "Home" includes temporary lodging. Must meet the following requirements:

- The provider (or another provider in the same practice and subspecialty) has conducted an in-person (non-telehealth) visit within 6 months
- After the initial tele-mental health visit, the provider must conduct an in-person visit at least once every 12 months
 - However, this visit is not required if the patient and provider consider the risks of an in-person visit and agree that the risks outweigh the benefits
 - Provider should document decision in the patient's medical record
- Through December 31st, 2024, the initial 6 month visit and the in person visit every 12 month requirement is waived

Provider Type:

Physicians, nurse practitioners, physician assistants, nurse midwives, certified nurse anesthetists, clinical psychologists, clinical social workers, registered dietitians, and nutrition professionals

- Through December 31st, 2024, OTs, PTs, SLPs, mental health counselors, and marriage and family therapists may also provide and bill telehealth services

Reimbursement:

Through December 31st, 2024, when telehealth services are provided to people in their homes (POS 10), the service will be reimbursed at the non-facility rate. However, if the telehealth service is provided when the patient is not in their home, and POS 02 is utilized, then the service will be reimbursed at the facility rate.

Rural Health Clinics & Federally Qualified Health Centers:

See the RHC and FQHC section for specific billing regulations

Supervision:

Through December 31st, 2024, CMS will continue to define direct supervision to permit the presence and immediate availability of the supervising practitioner through real time audio and video interactive telecommunications

Teaching Physicians:

Through December 31st, 2024 teaching physicians can use telehealth when the resident provides services in all residency training locations

Transmission/ Originating Site Fees:

Medicare does not reimburse for transmission fees. If applicable, Medicare will reimburse an originating site fee (HCPCS Q3014)

Payor Specific Key Points**E-Visits/Telephone/Virtual Check Ins:*****Allowable Codes:***

- **E-Visits:** Not Allowable
- **Telephone:** 99441-99443
- **Virtual Check-In:** G2010, G2250-G2252

Telehealth:***Allowable Services:***

MHCP will cover telehealth services in the same manner as any other services covered through the programs. Coverage will not be limited based on geography or location. MHCP has provided examples of telehealth services that include but are not limited to:

- Consultations
- Telehealth consults: emergency department or initial inpatient care
- Subsequent hospital care services
- Subsequent nursing facility care services
- End-stage renal disease services
- Individual and group medical nutrition therapy
- Individual and group diabetes self-management training with a minimum of one hour of in-person instruction to be furnished in the initial year training period to ensure effective injection training
- Smoking cessation
- Alcohol and substance abuse (other than tobacco) structured assessment and intervention service

Allowable ED Telehealth Services

Two-way interactive video consultation may be billed when no physician is in the ED and the nursing staff is caring for the patient at the originating site. The ED physician at the distant site bills the ED CPT codes with place of service 02. Nursing services at the originating site would be included in the ED facility code. If the ED physician requests the opinion or advice of a specialty physician at a "hub" site, the ED physician bills the ED CPT codes and the consulting physician bills the consultation E/M code with place of service 02

Documentation

Each telehealth visit must include the following documentation:

- The type of service provided
- The time the service began and the time the service ended, including an a.m. and p.m. designation
- A description of the provider's basis for determining that telehealth is an appropriate and effective means for delivering service to the recipient
- The mode of transmission of the telemedicine service
- The location of the originating and distant site
- If the claim is based on a physician's consultation with another physician through telehealth, the written opinion from the consulting physician providing the telehealth consultation
- Compliance with the criteria attested to by the health care provider

Audio Only Communication:

Audio-only communication will be covered **through July 1st, 2025** if:

- There is a scheduled appointment and the standard of care for that service can be met using audio-only communication.
- Substance use disorder (SUD) treatment services and mental health services delivered without a scheduled appointment when initiated by the member while in an emergency or crisis and a scheduled appointment was not possible due to the need of an immediate response.

Non-Covered Telehealth Services: Communication between health care provider and a patient that consists solely of an e-mail or facsimile; Electronic connections that are not conducted over a secure encrypted website as specified by HIPAA; Prescription renewals; Scheduling a test or appointment; Clarification of issues from a previous visit; Reporting test results; Non-clinical communication

Modifiers/POS:

- **POS** 02 or 10
- **Audio Only Claims:** Modifier 93
- **Outpatient Facilities:** Applicable Telehealth Modifier (95, 93, GQ, etc.)

Provider Type:

A health care professional who is licensed or registered by the state to perform health care services within the provider's scope of practice according to state law.

MHCP will not reimburse claims for providers who have not submitted a DHS-6806

Reimbursement

Reimbursement will be at the same rate as in-person face-to-face visits, refer to the MN Medicaid fee schedule for allowable rates

Transmission & Originating Site Fees

MHCP will not reimburse for originating site facility fees (HCPCS Q3014) and does not specify whether transmission fees will be reimbursed

Telemedicine Assurance Statement:

Providers must self-attest that they meet all of the conditions of the Minnesota Health Care Programs (MHCP) telehealth policy by completing and submitting a Telehealth Provider Assurance Statement (DHS-6806) (PDF) to be eligible for reimbursement

- [MN Department of Human Services Provider Manual-Telehealth Services](#)

Payor Specific Key Points

E-Visits/Telephone/Virtual Check Ins:

Allowable Codes

- **E-Visits:** 99421-99423
- **Telephone:** Not allowed
- **Virtual Check-In:** Check Contracted Fee Schedule

E-Visit Requirements

Evaluation, management, and consultation services using asynchronous technologies (any type of online patient-provider consultation where electronic information is exchanged involving the transmission via secure servers) may be covered when **ALL** of the following criteria are met:

- Services shall be provided by a health care professional who is licensed, registered, or otherwise authorized to engage in his or her health care profession, as evidenced by the credentialing and licensing requirements of Sanford Health Plan
- The extent of services provided via telemedicine modality includes at least a problem focused history and straight forward medical decision making
- Services should not be billed more than once within 7 days for the same episode of care or be related to an evaluation and management service performed within 7day
- E-visits billed within the post-operative period of a previously completed major or minor surgical procedure will be considered part of the global payment for the procedure and not paid separately

Telemonitoring:

Telemonitoring is covered for patients who have a history of cardiac conditions including heart failure (HF) and hypertension, COPD, uncontrolled diabetes, and mental health and/or substance use disorders (MH/SUD):

- Recent hospitalized or hospitalization(s) with a primary diagnosis of HF/COPD/CV conditions/Diabetes/MH/SUD
- A history of failing to adhere to their treatment plan and are at risk for an acute episode
- ED visits in the recent past for treatment of cardiac conditions including heart failure and hypertension, COPD, uncontrolled diabetes, mental health and/or substance use disorders
- The above conditions along with renal failure as defined as GFR<30, hepatic failure or coronary disease that puts the patient at risk for myocardial function compromise
- Major system co-morbid conditions that complicate their chronic disease status (i.e. heart failure, renal failure, diabetes and respiratory illness)

Telehealth:

Allowable Services:

Telehealth E/M services provided over an audio/visual connection are covered when all the following are met:

- Services are medically appropriate and necessary
- Patient is present at time of consultation
- The consultation takes place via interactive audio and/or video
- Permanent record of the telemedicine communications relevant to the ongoing medical care of the patient is maintained as part of the medical record
- Services delivered through a telemedicine modality shall be provided by a health care professional who is licensed, registered, or otherwise authorized to engage in his or her health care profession in the state where the patient is located
- Appropriate informed consent is obtained

Controlled substances may be prescribed through a telehealth encounter but are subject to certain limitations:

- The medical examination of the patient must be under the control of the consulting provider
- A permanent record of online communications relevant to the ongoing medical care of the patient should be maintained as part of the patient medical record

- **Examples of Telehealth Services:** Office or outpatient visits, consultations (office, Internet-based, outpatient, emergency room), follow-up inpatient consultations, subsequent hospital care services, subsequent nursing facility services, pharmacologic management, treatment services for mental health and/or substance use disorders, neurobehavioral status exam, end stage renal disease (ESRD) related services, individual and group medical nutrition therapy, individual and group health and behavior assessment and intervention, individual and group kidney disease education (KDE) services, individual and group diabetes self-management training, smoking cessation services, high-intensity behavioral counseling to prevent sexually transmitted infections, annual face-to-face intensive behavioral therapy for cardiovascular disease or face-to-face behavioral counseling for obesity

Audio Only Services:

An audiovisual component is required

Modifiers/POS:

- **POS** 02 or 10
- **Modifier** GT, FR, GQ, 93 or 95

Non-Covered

- Services for excluded benefits or diagnoses excluded from policy
- Services not medically necessary
- Services that cannot be performed adequately via telehealth for the medical condition
- Telecommunication devices or systems, including installation or maintenance
- Provider initiated e-mail
- Appointment Scheduling
- A service that would similarly not be charged for in a regular office visit
- Reminders for scheduled office visits
- Referral Requests
- Consultative message exchanges with an individual who is seen in the provider's office on the same day as a telehealth visit for the same condition
- Clarification of simple instructions
- Naturopaths/homeopaths
- Services furnished using audio-only communication technology
- Dental Care
- Acupuncture
- Chiropractic care
- Telephone
- Remote in-Home Visits
- Transmission Fees
- Supplies

Provider-Patient Relationship

As a prerequisite to providing telehealth services to a patient, a provider-patient relationship must be established. A provider-patient relationship encompasses several parameters:

- Verify and authenticate the location and identity of the patient
- Disclosing and validating provider's identity and applicable credentials
- Obtaining consent for treatment
- Establishing a diagnosis through review of patient history, mental status, and appropriate diagnostic/laboratory testing
- Discussing the diagnosis and its evidentiary basis to the patient, including the risks and benefits of different treatment options
- Ensure appropriate follow-up care for the patient
- Providing a visit summary to the patient

However, a provider-patient relationship need not be established when the patient is seeking urgent or emergent care, care is given through cross-coverage, or when the patient's primary care physician agrees to monitor the patient's care and emergency treatment

Originating Site: The office of a physician or practitioner, hospitals (inpatient or outpatient), critical access hospitals (CAHs), rural health clinics (RHCs), federally qualified health centers (FQHCs), hospital- or CAH-based renal dialysis centers (including satellites), skilled nursing facilities (SNFs), ambulatory surgical centers (ASCs), laboratories, and community mental health centers (CMHCs). Additionally, Sanford Health Plan allows Video Visits via internet initiated by patient or group homes

- Sanford Health defines a "Video Visit" as: video interactions between a patient and provider, where the patient is at home or work on a web camera speaking with a provider. Access points may include mobile smart phones, tablets, or computers.
- The originating site of the patient is determinative of whether the provider may continue care. If the originating site is a state where the provider is licensed, the call may continue. However, should it become known that the originating site is somewhere other than where the provider is licensed, the telehealth/telemedicine call must be terminated.

Reimbursement

Per MN Statue 62A.673, a health carrier must reimburse the health care provider for services delivered through telehealth on the same basis and at the same rate as the health carrier would apply to those services if the services had been delivered by the health care provider through in-person contact.

- A health carrier must not deny or limit reimbursement based solely on a health care provider delivering the service or consultation through telehealth instead of through in-person contact
- A health carrier must not deny or limit reimbursement based solely on the technology and equipment used by the health care provider to deliver the health care service or consultation through telehealth, provided the technology and equipment used by the provider meets the requirements of this section and is appropriate for the particular service

Transmission & Originating Site Fees:

An originating site fee is eligible for reimbursement if allowable originating healthcare site. Transmission fees are not allowable

- **E-Visits:** 98970-98972, 99421-99423
- **Telephone:** 99441-99443
- **Virtual Check-In:** G2010, G2012, G2250-G2252

POS/Modifier:

POS utilized if visit would have in person and no modifier

Remote Patient Monitoring Codes:

Allowable Codes:

- 98975-98978, 98980-98981, 99091, 99457-99458, 99473-99474

POS/Modifier:

POS utilized if visit would have in person and no modifier

Interprofessional Assessment Codes:

Allowable Codes:

- 99446-99449, 99451-99454

POS/Modifier:

POS utilized if visit would have in person and no modifier

Telehealth:

Allowable Codes:

UHC will allow any services on the below lists:

- Services recognized by the Centers for Medicare and Medicaid Services (CMS)
- Services recognized by the American Medical Association (AMA) included in Appendix P of the CPT code set
- Additional services identified by UnitedHealthcare that can be effectively performed via Telehealth
 - See Telehealth Allowable Codes table below for UHC specified codes

Modifiers/POS:

- **POS** 02 or 10
- **Modifiers** 95, GT, GQ, and G0 are not required to identify telehealth services but are accepted as informational if reported on claims

Provider Type:

Physician, nurse practitioner, physician assistant, nurse-midwife, clinical nurse specialist, registered dietitian or nutrition professional, clinical psychologist, clinical social worker, certified registered nurse anesthetists, physical therapists, occupational therapists, and speech therapists.

Reimbursement:

Per MN Statue 62A.673, a health carrier must reimburse the health care provider for services delivered through telehealth on the same basis and at the same rate as the health carrier would apply to those services if the services had been delivered by the health care provider through in-person contact.

- A health carrier must not deny or limit reimbursement based solely on a health care provider delivering the service or consultation through telehealth instead of through in-person contact
- A health carrier must not deny or limit reimbursement based solely on the technology and equipment used by the health care provider to deliver the health care service or consultation through telehealth, provided the technology

and equipment used by the provider meets the requirements of this section and is appropriate for the particular service

Patient Location:

UHC will recognize CMS designated originating sites considered eligible for furnishing telehealth services to a patient located in an originating site.

- Examples of CMS originating sites with a telepresenter: the office of a physician or practitioner, hospital, critical access hospital (CAH), rural health clinic (RHC), federally qualified health center (FQHC), hospital based renal dialysis center, skilled nursing facility (SNF), community mental health center (CMHC), mobile stroke unit, patient home-for monthly end stage renal, ESRD-related clinical assessments, for purposes of treatment of a substance use disorder or a co-occurring mental health disorder.
- UHC will also recognize home as an originating site for telehealth services (no telepresenter present)

Transmission & Originating Site Fees:

UHC will allow the originating site using HCPS Q3014, but will not allow transmission fees (T1014) to be reimbursed

- For POS where code Q3014 is required, report the valid POS code reflecting the location of the patient

Audio Only Services:

Telehealth services must be performed over an audiovisual connection, unless audio only allowable code is utilized

- UHC will align with the AMA and will consider for reimbursement the services included in Appendix T of the CPT code set, which are appropriate for reporting real-time, interactive audio-only telehealth, when appended with modifier 93, and reported with POS 02 or 10.
- All PT/OT/ST Telehealth visits must be performed using live, interactive video conferencing that involves the presence of both parties at the same time and a communication link between them that allows a real-time audio and visual interaction to take place. E-mailing “stored” exercise videos and discussing or reviewing by phone is not reimbursable.

MEDICARE

As part of the CARES Act, Congress has authorized RHCs and FQHCs to be a “distant site” for telehealth visits, therefore allowing RHC and FQHCs practitioners to provide telehealth services.

- RHCs & FQHCs will continue to be allowed to act as a distant site until December 31st, 2024, under the Consolidated Appropriations Act

Virtual Check Ins/E-Visits/Telephone:

Virtual Check-Ins & E-Visits:

RHC/FQHCs can perform E-Visits (CPT codes 99421-99423), which are online digital E/M services that utilize a secure patient portal. Medicare will also allow RHC/FQHCs to perform Virtual Check Ins (HCPCS G2012 and G2010).

- RHCs should bill HCPCS G0071 if E-Visit or Virtual Check-In services are performed.
- **Reimbursement:** is set at the average of the national non-facility PFS payment rates for the 5 E-visits and Virtual Check-In codes. For 2024 the rate is set at \$ \$12.93
- **G0071:** Payment for communication technology-based services for 5 minutes or more of a virtual (non-face-to-face) communication between RHC or FQHC practitioner and RHC or FQHC patient, or 5 minutes or more of remote evaluation of recorded video and/or images by an RHC or FQHC

Telephone Services:

Until December 31st, 2024, RHC/FQHCs can perform audio only telephone services utilizing CPT codes 99441-99443

- RHCs can furnish and bill for these services using HCPCS code G2025.
- At least 5 minutes of telephone E/M by physician or other qualified health care professional who may report E/M services must be provided to an established patient, parent, or guardian.
- Cannot be billed if they originate from a related E/M service provided within the previous 7 days or lead to an E/M service or procedure within the next 24 hours or soonest available appointment.

RHC General Care Management:

General Care Management (HCPCS G0511) Services:

- Remote Physiologic Monitoring
- Remote Therapeutic Monitoring
- Community Health Integration
- Principal Illness Navigation
- Chronic Care Management
- Behavioral Health Integration

Reimbursement:

- Methodology to calculate the payment rate for the general care management HCPCS code G0511 takes account how frequently the various services are utilized along with payment averages
- 2024 Rate: \$72.98

Telehealth:

Consolidated Appropriations Act:

Extends certain telehealth flexibilities for Medicare patients until December 31st, 2024, including:

- Originating site restriction waiver
- Expanded list of allowable telehealth practitioners
- Audio only telehealth services
- In person requirement for mental health services via telehealth
- Extension of FQHC/RHC to serve as originating site

Allowable Codes:

RHCs/FQHCs can perform any service listed in the below telehealth allowable code set matrix, but must bill G2025

Billing:

- **HCPCS** G2025
- **POS** 02 or 10
- **Modifier:** 95 (Optional)
- **Mental Health Claims:** POS 02 or 10 and modifier FQ if performed via audio only

Mental Health Services:

- CMS will permanently allow mental health telehealth services performed by an RHC/FQHC
- The service must be either audio visual OR
- Audio-only if the following are present:
 - The patient is incapable of, or fails to consent to, the use of video technology for the service
 - The provider has conducted an in-person visit within the last 6 months of the initial tele-mental service
 - The services are medical necessary
 - After the initial telehealth visit, the provider conducts an in-person visit at least once every 12 months of each tele-mental visit.
 - However, if the patient and provider consider the risks of an in person service and agree that these risks outweigh the benefits, then the annual visit may be skipped.
 - Providers must document the decision
 - Until December 31st, 2024, the initial 6 month visit and the in person visit every 12 month requirement is waived

Provider Type:

Physicians, nurse practitioners, physician assistants, nurse midwives, certified nurse anesthetists, clinical psychologists, clinical social workers, registered dietitians, and nutrition professionals

- Through December 31st, 2024, OTs, PTs, SLPs, mental health counselors, and marriage and family therapists may also provide and bill telehealth services

Reimbursement:

The RHC/FQHC telehealth payment rate is the average amount for all PFS telehealth services on the telehealth list, weighted by volume for those services reported under the PFS. For 2024 the rate is \$95.37

Transmission/ Originating Site Fees:

Medicare does not reimburse transmission fees. If applicable, Medicare will reimburse an originating site fee (HCPCS Q3014)

Audio Only:

When providers are providing an E/M service that would otherwise be reported as an in-person or telehealth visit, using audio-only technology, providers should utilize the appropriate telephone E/M code (99441-99443), not the in person or telehealth visit code.

- Audio only mental health telehealth will be permanently reimbursable if:
 - The provider has the technical capability, at the time of the service, to use an interactive telecommunications system
 - The patient is incapable of, or fails to consent to, the use of video technology for the service
 - The beneficiary is located at his or her home
 - The practitioner documents the reason for using audio-only technology uses the appropriate service level modifier

Codes Highlighted in Blue Can Be Performed via Audio only

MEDICAID

Payor Specific Key Points

E-Visits/Telephone/Virtual Check Ins:

Allowable Codes:

- **E-Visits:** Not Allowable
- **Telephone:** 99441-99443
- **Virtual Check-In:** G2010, G2250-G2252

Telehealth:

Allowable Services:

MHCP will cover telehealth services in the same manner as any other services covered through the programs. Coverage will not be limited based on geography or location. MHCP has provided examples of telehealth services that include but are not limited to:

- Consultations
- Telehealth consults: emergency department or initial inpatient care
- Subsequent hospital care services

- Subsequent nursing facility care services
- End-stage renal disease services
- Individual and group medical nutrition therapy
- Individual and group diabetes self-management training with a minimum of one hour of in-person instruction to be furnished in the initial year training period to ensure effective injection training
- Smoking cessation
- Alcohol and substance abuse (other than tobacco) structured assessment and intervention service

Allowable ED Telehealth Services

Two-way interactive video consultation may be billed when no physician is in the ED and the nursing staff is caring for the patient at the originating site. The ED physician at the distant site bills the ED CPT codes with place of service 02. Nursing services at the originating site would be included in the ED facility code. If the ED physician requests the opinion or advice of a specialty physician at a "hub" site, the ED physician bills the ED CPT codes and the consulting physician bills the consultation E/M code with place of service 02

Documentation

Each telehealth visit must include the following documentation:

- The type of service provided
- The time the service began and the time the service ended, including an a.m. and p.m. designation
- A description of the provider's basis for determining that telehealth is an appropriate and effective means for delivering service to the recipient
- The mode of transmission of the telemedicine service
- The location of the originating and distant site
- If the claim is based on a physician's consultation with another physician through telehealth, the written opinion from the consulting physician providing the telehealth consultation
- Compliance with the criteria attested to by the health care provider

Audio Only Communication:

Audio-only communication will be covered **through July 1st, 2025** if:

- There is a scheduled appointment and the standard of care for that service can be met using audio-only communication.
- Substance use disorder (SUD) treatment services and mental health services delivered without a scheduled appointment when initiated by the member while in an emergency or crisis and a scheduled appointment was not possible due to the need of an immediate response.

Non-Covered Telehealth Services: Communication between health care provider and a patient that consists solely of an e-mail or facsimile; Electronic connections that are not conducted over a secure encrypted website as specified by HIPAA; Prescription renewals; Scheduling a test or appointment; Clarification of issues from a previous visit; Reporting test results; Non-clinical communication

Modifiers/POS:

- **POS 02** or 10
- **Audio Only Claims:** Modifier 93
- **Outpatient Facilities:** Applicable Telehealth Modifier (95, 93, GQ, etc.)

Provider Type:

A health care professional who is licensed or registered by the state to perform health care services within the provider's scope of practice according to state law.

MHCP will not reimburse claims for providers who have not submitted a DHS-6806

Reimbursement

Reimbursement will be at the same rate as in-person face-to-face visits, refer to the MN Medicaid fee schedule for allowable rates

Transmission & Originating Site Fees

MHCP will not reimburse for originating site facility fees (HCPCS Q3014) and does not specify whether transmission fees will be reimbursed

Telemedicine Assurance Statement:

Providers must self-attest that they meet all of the conditions of the Minnesota Health Care Programs (MHCP) telehealth policy by completing and submitting a Telehealth Provider Assurance Statement (DHS-6806) (PDF) to be eligible for reimbursement
