

# TELEMEDICINE FORUM

Wednesday, August 6, 2014

## ABOUT THE FORUM

The Twin Cities Medical Society and Great Plains Telehealth Resource and Assistance Center housed at the University of Minnesota are pleased to offer an educational opportunity to those interested in the field of telemedicine.

Participants will learn about tools and resources for adopting a tele-education, tele-consultation, tele-practice and tele-research program within clinical practices.

We are pleased to have as our presenter **Bryan Burke, MD**, a general pediatrician and a professor at the University of Arkansas for Medical Sciences and Arkansas Children's Hospital. From 1982 – 1987 he was in private practice in a small Arkansas city. In 1987 he moved to Grand Rapids, Michigan, where he started a pediatric hospitalist service at Helen DeVos Children's Hospital. In 2004 he returned to Arkansas and became involved in telemedicine. He currently serves as the pediatric liaison between the American Telemedicine Association and the American Academy of Pediatrics. He speaks regularly to various groups across the country on telemedicine.

## LEARNING OBJECTIVES

- Understand the differences between telemedicine and telehealth
- Understand the 4 parts of telemedicine: tele-education, tele-consultation, tele-practice and tele-research
- Understand the components necessary to create effective telemedicine interactions

Q & A will be moderated by **Peter Dehnel, MD**, Chair, TCMS Legislative and Policy Committee.

## WHO SHOULD ATTEND

Physicians, clinicians, administrators, and organizations interested in telemedicine.

## QUESTIONS ABOUT THE EVENT?
